Describe it (q6935)

CA	when the bike becomes unsafe for training it is replaced
IA	Based on the availability of funds, a sponsor may apply for 50% replacement costs
ID	5 year rotation
KY	As possible, rotate out older models.
MD	Our annual appropriation allows us to replace (3) bikes per year. There is an initiative process that must be completed for more.
MN	The goal is to retire a bike at 15 years of service.
NC	2 to 3 new loaners per site per year, allowing replacement of the entire fleet every 6 years
ND	Trade in motorcycles every 5 years.
NV	10 year replacement
OH	We have budgeted for 100 motorcycles for each of the next two years.
VT	The program purchases 10 - 12 motorcycles each year. These motorcycle are used to open an additional site or replace aging motorcycles.

Describe it (q6937)

CA	The bikes are inspected after every training session/season
ID	Owners manual
IL	Annual Inspection and replacement of any parts on the motorcycle. Repair or replace as needed.
KY	Weekly visits. Repairs are made ASAP.
MD	Regular maintence is done annually prior to the training season. Other items are maintained according to their useful life on a rotating basis.
MN	mechanic on contract
NC	Lead instructor at each site performs annual and preventive maintenance. State office performs major repairs.
ND	Every spring and fall
NM	RiderCoaches identify mechanical/damage problems at end of each class; Site Coordinators perform maintenance before units are used for the next class.
NY	Inventory control records are kept that document maintenance activities. Individual training sites are responsible for routine maintenance during the training season. In the off-season, motorcycles are serviced according to a service plan at a central maintenance facility.
OH	We service all our program bikes annually during the winter. During the training season they are serviced and maintained by our sponsors.
OR	Quarterly service; annual detailed maintenance.
PA	a specific checklist listing all maintenance needs for each motorcycle
