Most of you already know this, but I'm retiring from the Oregon Department of Transportation on June 1st. My job is now open for recruitment and closes on April 1st (no that's not a joke...)

It's working in the Highway Safety Office in Salem (about 60 miles south of Portland). I'll vouch for my boss, he is a good guy to work for :)

We do good things here and this is a good opportunity to make a difference in the world of motorcycle safety.

Let me know if you have any questions.

TOTAL CONTROL

Congrats on your retirement Michele! The groundbreaking work you, ODOT and TEAM Oregon have done in the state has made a better future in rider education possible for all of us. Both your legacy, and continued participation, will have positive ramifications in SMSA for years to come. Jeff has some mighty big shoes to fill but it sounds like he's up to the task.
