Your Chance to Brag

The SMSA Communications Committee is looking for article topics for the Summer Spotlight magazine. If you've got an event in your state, achieved something you're proud of, heard of something someone else accomplished, or have a thought of something you'd like to read about, send the SMSA office a quick email (office at smsa.org). One of the communication committee members will set up a time for a short call to ask a few questions. Then, we'll take care of writing the article!

Thanks!
