May is Motorcycle Safety Month Facebook Frame

Florida has made a motorcycle safety awareness month Facebook frame. A dedicated Facebook profile picture frame that can be used to convert profile pictures to a social media awareness campaign. It will be useful to promote motorcycle safety month (the frame itself does not have Florida listed so can be used for any state.)

Please visit <http://ridesmartflorida.com/may> to check it out (You need to use your phone to access it).

IOWA

Thank you for sharing! I have "borrowed" the frame.
