**State Motorcycle Technical Assessments**

I am looking for a copy of the state motorcycle technical assessments to create a priority recommendations list from all states who participated in a motorcycle assessment. I have emailed a few individuals and have already received a copy of their assessments, but if I have not contacted you would you please send me a copy of your motorcycle assessment.

Any assistance would be appreciated.

**SOUTH DAKOTA**

Hi Christie,

We have not had a technical assessment done but I would be happy to share our Strategic Plan if you think that might be of interest. If you have questions about it, or if I can be of assistance with anything else, please don't hesitate to ask!

Best Regards,

**-Laura Snow**

**CONNECTICUT**

Hello Christie & Laura,

CT has not done an assessment but I can share our annual report if you think it would be beneficial.

Thank you.
