### **Buy America**

Hi everyone, I am wondering if anyone out there has requested a Buy America Waiver for Motorcycle Purchase. Region 1 is saying that I need to request the waiver, looking for some guidance from anyone that has also done so. Thanks

Nope. Sorry.

Never has been an issue ...

#### **VIRGINIA**

Hi Nicholas, it has not been an issue but now the program cannot buy motorcycles from grant funds. We have not tried to get the approval.

#### **MARYLAND**

Nicholas, We tried when we wanted to purchase two Suz TU250X's to convert to trikes. We were not successful. I will try to find out if we were specifically told 'no', or our request was caught up in "red tape".

#### **MICHIGAN**

I am currently working through the waiver process here in Michigan as well. I have drafted a waiver request letter and will be submitting to Region 5 here shortly.

Thanks to everyone so far for their info on the "Buy America" issue.
