MAP-21 Buy America Waivers - any winners?

I know that many of you have been working on getting a waiver to the 'Buy America' Act to use MAP-21 \$ to purchase training bikes. Has anyone been successful in that process yet?

We are still playing the waiting game here in Idaho.

OREGON

We are still waiting here as well Ax. I believe we put in a Region X request (Oregon, Washington, Idaho, Montana, Alaska). Ours was submitted in April. I know that the Florida helmet purchase (for their NHTSA demonstration project) took 9 months. That's the only one I've seen.

FYI-SMSA is planning a webinar on Buy America at the end of the month. Stay tuned!

~Michele O'Leary

NEBRASKA

Here in NHTSA Region 7 we have been advised by our NHTSA Regional Office that if we submit a written waiver request that it would take 90 days from the date received to obtain a response regarding approval.

~Fred E Zwonechek

MICHIGAN

We have waivers in as well. No word back yet.
