Missouri Motorcycle Program Manager - Status Update

The search committee has been working hard to find a replacement MMSP State Coordinator. We've interviewed several strong candidates but were not able to reach the unanimous decision needed to ensure the MMSP is in the best possible hands going forward. As the search continues there are two important changes to be aware of:

1) The job posting has been modified and has been RE-POSTED at the following link:

<https://jobs.ucmo.edu/postings/10724>

All interested parties are encouraged to review the new posting closely and submit your application if you meet the new eligibility criteria. Please forward this announcement to anyone you feel would be a good fit for the program and would like to relocate to picturesque Warrensburg, Missouri.

2) As of April 21st MSC Senior Director Terry Butler will assume the duties of interim MMSP manager until a permanent replacement is found. This is a very familiar role for Terry as he managed the MMSP full time from 1990 - 2001.

Thank you for your support during this transition.

PENNSYLVANIA

Michael, I will update the job listing on the SMSA website!

~Leslie Robinson
