Smart Rider Commitments

SMSA folks, We've had people from several states inquire about our 'Smart Rider Commitments' and ask if they could have the rights to use them. So, to answer everyone at once - yes, all individuals, programs and schools are welcome to use the Smart Rider Commitments (you can see them here - <http://idahostar.org/resources/commitments> and they are attached as a PDF). They are not copyrighted so they can be used as they are, or they can be edited to meet the needs of any school, program, or state. For those who aren't familiar with them, the Smart Rider Commitments are 'sprinkled' throughout the student workbook in our entry level rider class. This document just puts them all together in one place. We have just started using this as a handout at outreach events and so far it has been quite popular. If anyone would like the original (editable) file, just contact us directly.

RHODE ISLAND

This is great! Thank you! Respectfully,

~Despina Metakos Harris

VERMONT

Thank you sir

~Paul Graves

NEW JERSEY

Thanks Ax!

~Lori Sannella
